## **DETAILED ACTION**

### ***Allowable Subject Matter***

1. Claims 1-34 are allowed.
2. The following is an examiner's statement of reasons for allowance:

The examiner finds applicant's argument concerning Brown and Guthrie references (Applicant's remark, filed 1/5/2009, pages 8-19) persuasive. Neither Brown nor Guthrie teach the combination of claimed elements including the limitations of optimizing the SQL query based on the database indices and the tenant-level statistics as recited in independent claims 1, 11. Neither Brown nor Guthrie teach the combination of claimed elements including the limitations of processing the database tables so as to determine tenant-level statistic and processing the database tables so as to determine user-level statistics as recited in independent claims 21. Thus, prior art of record neither renders obvious nor anticipates the combination of claimed elements in light of the specification. After a further search and a thorough examination of the present application and in light of the prior art made of record, claims 1, 11, 21 are allowed.

Dependent claims 2-10, 12-20, 22-34 are allowed at least by virtue of their dependency from claims 1, 11, 21.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
